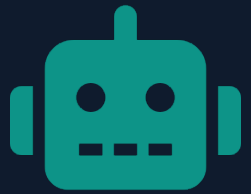
ScaleCPG

Your AI Sales Agent. Always On. Always Qualifying.

Turn your website into a 24/7 lead qualification machine — without changing how you sell.



Founding Partner Program — Limited to 5 Manufacturers

The Problem

Your best leads are falling through the cracks.

67%

of RFQs arrive after business hours

Brand owners research on their own time. If nobody's there, they move on.

3–5

days average first response time

Slow replies kill deals. Your competitors are one Google search away.

40%

of inbound leads never get followed up

Manual intake means leads get lost in email, voicemail, and spreadsheets.

The Solution

ScaleCPG places an AI sales agent on your website that qualifies every inbound lead — instantly.

1

Brand visits your site

The AI chat widget appears, greeting visitors naturally.

2

AI qualifies the lead

Captures product type, MOQs, timeline, certifications, and budget.

3

Structured data, instantly

Lead data lands in your dashboard — scored and ready for follow-up.

What You Get

AI Sales Agent

A branded chat widget on your site that qualifies leads using your exact criteria — MOQs, product types, certifications, timelines.

Manufacturer Dashboard

See every lead in one place. Scored by fit, with full conversation history and structured data for fast follow-up.

Custom Configuration

Your agent knows YOUR business. Custom product categories, MOQ ranges, capabilities, and disqualification rules.

Zero-Friction Setup

Drop a script tag on your site. We handle the AI, the hosting, and the updates. No IT team needed.

How It Works

From first visit to qualified lead in under 3 minutes.
